SPI-10 - Asset Lifecycle Currency Report

Snapshot Date: 2026-04-23

Indicator: SPI-10 - Asset Lifecycle Currency

Findings summary

CIs in scope: 28

Compliant: 23 (82.1%) | Non-compliant: 4 (14.3%) | Unknown: 1 (3.6%)

Unknown CIs need additional evidence to assess compliance.

Description

No physical device should be EOL or out of warranty.

Success Measure: 0 physical devices in EOL or out-of-warranty state.

Filter Scope

Network=net-4 | ICT System=sys-14 | Criticality=All | Security Domain=All | Environment=All | Asset Type=All | Severity=All | Mission Capability=All | Business Service=All

Non-Compliant CIs by Asset Type

Servers	Workstations	Network Devices	Storage Devices	Printer Devices	Other Devices
4	0	0	0	0	0

Unknown Score CIs by Asset Type

Servers	Workstations	Network Devices	Storage Devices	Printer Devices	Other Devices
1	0	0	0	0	0

Observed Non-compliant Condition

Detected 4 non-compliant CI(s) for SPI-10. Current measured compliance is 82.1% across 28 CI(s).

Observed Unknown CI Score needing investigation

Detected 3.6% (1) across 28 CI(s) where the score cannot be calculated.

Remediation Actions

- Replace or renew lifecycle-expired assets (EOL / out-of-warranty) through prioritized capital plan.
- Resolve missing evidence fields to remove Unknown outcomes and increase confidence.

Who to contact?

- Asset Lifecycle and Sustainment Team | Queue: ASSET-LIFECYCLE | Email: asset.lifecycle@defence.local
- Cyber Security Operations Centre | Queue: CSOC-ESCALATION | Email: csoc@defence.local
